DATE: February 23, 2012

To whom it may concern:

Hutto Janitorial Service has done our floor care in several of our rental facilities since 2010. They have done a marvelous job of keeping the wood floors shining and looking great. They also do a great job on our carpeted buildings. They are always prompt and professional. Our buildings get a lot of traffic and it is not easy to keep the floors looking good.

It is our pleasure to recommend their services to you. We have always been pleased with their service and attitude. I'm sure they will do a great job for you as well.

Thank you,

Joe LaPolla
Director, Parks & Recreation
