

DATA GRAPHICS

www.datagraphicsinc.com **Full Service Custom Printing Solutions**

January 10, 2017

This letter is in reference to Hutto Enterprizes, Inc. They have been taking care of Data Graphics and our facility since 2014.

We are extremely pleased with their service and professionalism. If they say they are going to do something, they do it and do it right. Our facility is over 25,000 square feet and we have a lot of different types of areas that require different attention. Hutto Enterprizes pays attention to the details and makes sure we are satisfied with the work.

From a breakroom to the office areas to the bathrooms, Hutto Enterprizes makes sure each area is taken care of based on what we agreed upon. They take pride in their work. Hutto also takes care of all our flooring cleaning needs throughout the shop. This is a coordinated effort so we are prepared for them to buff, wax and seal the flooring as ongoing maintenance. Bottom line, when they complete the work, the flooring looks amazing. Our customers, which can be Fortune 500 firms, comment on how nice they look.

Bottom line, if you are looking for not only a cleaning service, but a partner in your business, look no further than Hutto Enterprizes. We trust them, they communicate, and we recommend them without reservation.

Sincerely,

Brad Butterstein

President
